2021 Supplier Quality Excellence Award

Mexico, August 2022 - General Motors Recognizes Top Global Suppliers with the 30th Annual Supplier of the Year Awards.

General Motors (GM) Recipients of the Supplier of the Year recognition included 134 suppliers representing 16 countries.

The Supplier of the Year award recognizes distinguished global suppliers that exceed GM's requirements, in turn providing GM customers with innovative technologies and among the highest quality in the automotive industry. Some of the evaluation criteria includes continual on-time delivery, zero product defects and smooth production processes.

For the 2nd year in a row Joysonquin Automotive Systems Mexico, is being awarded with the GM Supplier Quality Excellence Award (SQEA).

"This special award recognition is given to specific top performing supplier manufacturing locations. Suppliers who receive this award recognition have met or exceeded a very stringent set of quality performance criteria and have received the cross-functional support of the entire GM organization for the calendar year 2021".

Quality Assurance and Customer Satisfaction are Joysonquin's commitments since we started operations. We are dedicated to keep improving in delivering high quality and innovative products with outstanding performance.

In addition to Joysonquin Mexico, our R&D headquarter in Germany, sales location in the United States and the collaboration with the Joysonquin plants in Romania, Poland and China, we are making efforts to strengthen technology, quality and excellence in design, with an accomplished team and through continuous research and development, ensuring competitiveness with highly advanced processes.
